

Osprey Hill Farm CSA

Thank you for choosing to share the season with Osprey Hill Farm. Community Supported Agriculture, or CSA, is a meaningful way for producers and consumers not only to connect, but also to share in the inherent risks and bounties of the season. Your financial commitment in the spring provides the much-needed capital to help fund the upcoming season. In return, we promise to provide you with a wide variety of exquisite, nutritious, and outstanding farm-fresh food each week. We love what we do and we strive to reflect this in our products.

Osprey Hill Farm is Certified Naturally Grown—a grassroots alternative to the certified organic program. For more information visit www.naturallygrown.org.

Here are a few key points about Osprey Hill Farm's CSA program:

- We offer a main season and winter season CSA along with many other options.
- All CSA orders are harvested and packed on Wednesday for either a Thursday or Saturday delivery. Specific information on pick-up locations and times will be made available to you once we process and confirm your CSA sign up.
- If you leave for vacation, please arrange for someone else to pick up your share. Uncollected shares will be donated to the local food bank.
